## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1-16 and 21-24 are allowed.
2. The following is an examiner's statement of reasons for allowance: Reasons for allowance of claims 21-24 are given in the previous office action. With respect to claim 1 and its dependents, the prior art of record fails to disclose an interlock mechanism as claimed, wherein the interlock is coupled to and interacts with a filter-mounting portion that is configured to receive and secure the filter. The previous objections to the specification and abstract have been overcome and are withdrawn.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The reference to Ljung et al. (3,745,965) discloses a vacuum cleaner with a signal for indicated the absence of a dust bag.
